### PROGRAMME

## Transcript

### Bashir Abubakar

Has attained the Module 4 Transcript as part of NHS Leadership Academy's Edward Jenner Leadership Development programme.

Module 4 introduced participants to new theories and tools designed to help them step into leadership or management roles. Over the weeks, they covered elements such as Quality Improvement and their role in ensuring the provision of a safe service, understanding strategy by identifying stakeholders and the influences at play, the role of governance and the importance of managing resources effectively, leading change and managing projects, and reporting back to monitor progress. This final module focused on applying everything learned to real-world practices.

#### STUDY REQUIREMENT

4 weeks, 5 hours per week

#### OUTCOMES

- Analyse and identify the root causes of issues
- Escalate issues
- Speak up about issues
- Describe the role of strategy in organisational life
